

FIGHT OF OUR LIVES

Wake up, brother, get out bed
The sun is soon to rise
We gotta be the most prepared
The first to arrive
So get your ass ready to go
It's time to pack
'Cuz one thing's for sure baby
We ain't ever coming back

We roll, we ride
Into the fight of our lives
Yeah, yeah, baby
Yeah, yeah, baby

Pulling out on the highway
With music up loud
For miles and miles they'll know we're coming
Like the approach of thundercloud
This is it, man, we've come this far
Everything's on the line
Grab a weapon, plant your feet
Look out and know it's time

We roll, we ride
Into the fight of our lives
Yeah, yeah, baby
Yeah, yeah, baby

We roll, we ride
Into the fight of our lives
Yeah, yeah, baby
Yeah, yeah, baby
Yeah, yeah, baby
