

FREE ME

Why do the things I want take so long to find
Why does my one true love take way too much time
You can run around the world doing everything you can
But if you don't go after your dream, then it won't feel like you even ran
Free me, free me

The only thing I've ever wanted is you
I denied it for so many years, but I always knew
I want to be in a rock and roll band every night and day
To be able to dance and sing the stress of life away
Free me, free me

Oh the river won't let me cross
The tide's too deep and the other side's way too far
I can see you standing there across the way
But the water will always keep me away

Everyday I sit at home I see an opportunity slip away
Every night I fall asleep I dream of the fallen day
We've added chaos and stress into our daily lives
So much that the impeding river always thrives
Free me, free me, free me, free me
