

## **I WANT YOU**

I don't know what I'm doing anymore  
I got things running 'round my mind I've never thought of  
before  
But the days are growing dark  
And the nights are growing long  
You're with him, I'm stuck here singing this song

I want your head on my shoulder, I want to look into your eyes  
I want to know what you love and what you despise  
Can't help the way I feel  
Believe I've tried  
I'm living without you on the other side  
I want you

I don't think I can fight it no more  
This is something I feel way down in my core

Your smile makes me float, your sadness makes me cry  
Your body is something I could never deny  
I'm so confused  
I think you are too  
Please tell me, baby, what am I to do  
'Cuz I want you  
I want you  
I want you  
I want you
