

I'M ON MY OWN

I don't wanna feel that the world is falling down
Pretty sure that things are better underground
Soon they'll come for your mind and your soul
Make damn sure you pick the right way to go
I'm on my own
I'm on my own

There's no hope for silence anymore
They've shut me in, they've locked the door
Forcing cards they thought I'd never have
Move quicker than their sleight of hand
I'm on my own
I'm on my own

There is nowhere to run
There is nowhere to hide
They'll be here for everything next time

I'm just gonna ask one question before I go
Can you stand back now with what you know
Run away and forfeit your life
But, baby, I'm gonna stay here and fight
I'm on my own
I'm on my own
I'm on my own
I'm on my own
