

ME AND YOU

All around the world
People say to me
What you got is what you get
That's the way it's gonna be

It don't make two
There's a difference between
Me and you

I know what you're gonna say
Things will be alright
Playing safe is what to do
But that ain't what's going down tonight

It don't make two
There's a difference between
Me and you

You know they can't get a hold on me
You know they won't guess how to find me
I have no doubt that my mind is free
